Attendees of this meeting will provide input into the ongoing format of this CoP and identify the types of support that primary health practitioners would most value from Brisbane South PHN.

Katrina will share her experience of the NDIS as a service provider and provide tips on navigating and transitioning to the new system. Katrina will cover:

- What it's like working under the NDIS and their processes - the real experiences of both providers and participants
- How to prepare and work with clients for the NDIS - Preparing for the Planning meeting and the importance of the NDIS Price Guide and Categories
- What has worked well for their service; what has not worked well in the transition to the Scheme
