Primary drivers

Identify the main drivers (contributors) to your team being able to achieve the goal
place one driver in each box.

e.g. the patient, staff, data, processes, environment etc.

e.g. PATIENT

e.g. DATA

e.g. STAFF

e.g. PROCESS

Secondary drivers

Breakdown each main driver into smaller, individual components

e.g. patient awareness

e.g. patient choice

e.g. external results

e.g. coding

Change ideas

Make a list of the different things you could try/change to steer the secondary drivers toward reaching your goal

e.g. run a patient awareness campaign

e.g. list GPs available for CST on our website

e.g. develop a system for booking patients with preferred GP/nurse at time of visit

e.g. develop a system for checking and entering external results

e.g. upskill staff on correct coding practices for CST
