Thriving and On Track

A free initiative for families and educators

Let's talk about your child's development.

Talking

Routines

Listening

Moving their body

Learning

Playing

The early years of a child's life are very important for their health and development, and you know them best.

Together we can check your child's development and connect your family to any supports that are needed.

How to Participate?

1. Chat to your child's educator about how you think your child is going. Your child's educator will use a developmental tool (PEDS) to have this conversation.
2. If you have any concerns, we can connect you with services that can help!

Questions?

If you have any questions, please talk to your educator or contact: tots@bsphn.org.au
