Sexual and Reproductive Health in Primary Care – Queensland (In person)

Date: Monday, 30 June 2025

Time: 9:00am – 5:00pm (AEST)

Venue: Cliftons Event Solutions

[Parking and direction information here.](#)

Description

This face-to-face course aims to provide practitioners with an overview of sexual and reproductive health care in general practice, covering sexual health, sexual history taking, STI screening, contraception and unintended pregnancy.

This training also discusses how STI screening can be integrated into contraception and unintended pregnancy consultations.

Target Audience

GPs, GP registrars, nurse practitioners, practice nurses, and other health professionals working in primary care settings.

Speakers

- Angela Smith: Senior Medical Officer, Metro North Sexual Health and HIV Service
- Clinton Morgan: Nurse Practitioner, Queensland Positive People

Learning Outcomes

- Describe the components of sexual health
- Implement effective sexual history taking
- Integrate evidence based STI screening into practice
- Define current contraceptive options and their relevant counselling points
- Demonstrate an approach to unplanned pregnancy including counselling and discussion of options
