

Quality Improvement register

This template is designed to be used as a summary record of all Quality Improvement activities that your primary care team undertake. Record the details of your quality improvement activities (including dates of activity, topic, measures and whether PDSA cycles have been documented). Example included in table.

Start Date	QI Team Lead (Staff member)	QI Activity Topic	QI Measure/s	Completed Date	Improvement Achieved (Yes/ No)	PDSA cycles recorded (Yes/No)
Example: 17/03/2023	Practice Nurse – Joanne	Improving recording rates of HbA1c for patients with Diabetes	Proportion of RACGP active patients with Diabetes and a HbA1c recorded in last 12 months	31/09/2023	Yes	Yes

If you would like further support with your Quality Improvement activities, please contact our dedicated General Practice Quality Improvement team at support@bsphn.org.au.
