

Chronic Disease Registered Practice Nurse

- Supportive team environment
- Current AHPRA Registration
- Caring for patients and Customer Service focussed

If providing ongoing, patient centred care for those with chronic disease is your passion, we have the perfect opportunity for you. Inala Primary Care is an innovative medical centre which takes community responsiveness, healthcare quality and clinical innovation seriously. We are looking for a Casual Registered Nurse to join our team and support delivery on our promise that "*No patient will leave feeling like a number, because every consultation makes a difference!*"

This is a bold claim which needs to be supported by the right patient interactions, bookings and targeted clinical interventions. We need someone who is experienced with patient care in a general practice setting. The role of the Casual Registered Nurse will be to help our other Registered Nurses deliver top quality health care in the Chronic Disease space by delivering education and developing Chronic Disease Management Plans with our patients.

Our team based, people centred environment will appeal to someone who is focussed on delivering innovation which matters to our diverse patient group and disadvantaged community. If you are courageous enough to change, learn and grow you will have the flexibility we need to create the patient relationships and improve the backbone systems which will take our practice to the next level. If you believe our investment in you will be guaranteed to deliver responsive service and systems which support the delivery of great care, email your CV to cbowering@inalapc.org.au. Please include a one page pitch on why you are the right person for the role. Applications closes on Friday 12th of April 2019.

The position is Casual usually working 2 days a week for 5 hours a day dependent upon demand. We are happy to be flexible with regards to the days to be worked to suit the successful applicant's other commitments. This will be discussed further in the interview.

BENEFITS AND PERKS

The successful applicant will have access to Salary Sacrificing benefits as Inala Primary Care is a not for profit charitable organisation.

SKILLS AND EXPERIENCE

Experience in Chronic Disease Education in a General Practice setting is essential.
