(Registration closes Tuesday, November 2nd)

This free talk for parents, care providers and the broader community is offered together with Metro South Child & Youth Mental Health Service and Brisbane South PHN

Speakers:

- Lived Experience Speakers: Trans young people and Parent of a Trans child
- Olivia Donaghy, Coordinator Queensland Children's Gender Service/ Psychologist
- Dr Paul Lanning, Consultant Child & Adolescent Psychiatrist

This information evening will provide an overview of the Queensland Children's Gender Service, what they do and what supports are available to young people questioning their gender identity. We will hear from trans people themselves about the challenges they experienced growing up. Learn how parents, families and communities can support trans, non-binary and two-spirit children and young people to grow into happy and healthy adults.
