

# General Practice and Community Fit Testing

- ✓ Protect staff against respiratory illness
- ✓ Fulfil WHS obligations

The Clinical Skills Development Service (CSDS) based at the Royal Brisbane and Women's Hospital (RBWH) can provide quantitative fit testing for General Practice and community based health professionals.

CSDS can fit test any TGA approved masks that your practice is currently using, or fit test for Metro North masks. All staff who require an N95 mask can be fit tested.

## Small practices and individuals

**Appointment availability:** Tuesdays and Thursdays.

Please contact CSDS reception on **(07) 3646 6590** to arrange an appointment.

If these days are unsuitable, please email your availability to **[MNHHSFitTestingProgram@health.qld.gov.au](mailto:MNHHSFitTestingProgram@health.qld.gov.au)**

## Larger practices

CSDS can attend your practice for the fit testing.

Please email your request to **[MNHHSFitTestingProgram@health.qld.gov.au](mailto:MNHHSFitTestingProgram@health.qld.gov.au)**

**Appointment duration:** 25 minutes

**Cost:** Free of charge until mid August, 2022. \$35.00 per person thereafter.

**For more information, please call **(07) 3646 6590****
